

LETTER FROM THE DIRECTOR

DURHAM COUNTY
Library

Annual Report Fiscal Year 2021

Dear Durham Community,

We are so thankful that we were able to successfully reopen all our library locations for walk-in visitors and with expanded hours this year. This included reopening our Main Library in downtown Durham after a multi-year renovation and expansion of the building.

We were able to offer Library Take-Out! prior to opening for walk-in hours. With this program, library users could reserve books and pick them up in the entryways of our libraries. In addition to Library Take-Out!, we offered multitudes of online resources to stay engaged throughout the pandemic. I would like to thank you all for your understanding and flexibility as we rolled out and managed these new systems and opportunities.

With the expert guidance of the Durham County Department of Public Health, the dedication of our library staff, and the goodwill of the public, in early May 2021, our regional and branch locations opened their doors for browsing and computer use. On July 20, 2021, we expanded hours at all our locations and opened Main Library to the public.

Main Library is spectacular. If you have not had a chance to visit yet, and if you're able to safely, I hope you'll stop by. If you are not able to make it in person to visit at this time, you can see some of what the new library has to offer online at DurhamCountyLibrary.org/location/main-library/ - including a virtual tour and a sneak peek video.

While Stanford L. Warren Branch Library was temporarily closed due to water intrusion issues, we are excited to announce that we currently anticipate reopening that branch in late 2022 after necessary repairs are completed.

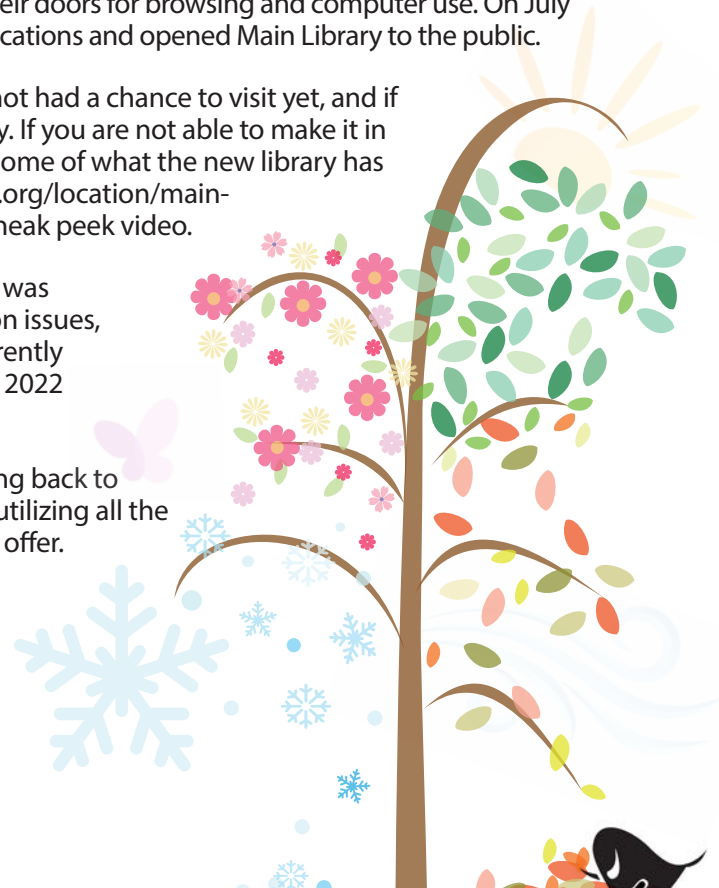

We're so glad to have library users coming back to our buildings, checking out books, and utilizing all the resources and services the library has to offer.

Thank you for your continued support.

Warmly,

A handwritten signature in black ink that reads 'Tammy'.

Tammy Baggett-Best, Library Director

A Year in Seasons: Our Tale of Transition

Seasons mark the points of transition within our year. Flowers sprout to tell us that spring is around the corner; fall approaches with falling leaves and brings a chill to the air. This year was a big year of transition for Durham County Library as well. We adjusted to the pandemic, supported our community through continual changes, and expanded our services to grow with your needs.

We confronted the challenges set before us and we came out stronger on the other side. Take a look with us over this past year and see what we have accomplished together as we continue to move forward.

LSTA EZ GRANT – WEBSITE TRANSLATION

The Library’s website is our virtual branch location. Much like our physical branches allow people to come regardless of the language they speak, we want to ensure that our virtual branch is accessible in the same way. This summer, we introduced the translation of the Durham County Library website into Spanish to benefit current and potential library users whose primary language is Spanish.

This grant was made possible by funding from the federal Institute of Museum and Library Services (IMLS) under the provisions of the Library Services and Technology Act (LSTA) as administered by the State Library of North Carolina, a division of the Department of Natural and Cultural Resources (IMLS grant number LS-246155-OLS-20).
