FEATURED PROGRAM

Apocalypse Club

Apocalypse Club
 Tuesdays, June 30 - July 28, 1 - 3 p.m.
[North Regional Library](#)
[Registration Required](#)

In this immersive workshop series, teen and young adult writers will journey through a rotating set of potential apocalypses - each one revealing new challenges and unexpected questions about humanity. Every session introduces a different end-of-the-world scenario, from AI takeovers and climate catastrophes to silence laws, memory-loss epidemics, collapsing societies, and even the downfall of social media.

Through discussion and creative exploration, writers confront survival strategies, moral dilemmas, shifting identities, and the ways fear and uncertainty reshape human behavior. It's a chance to think big, get curious, and imagine who you might become when the world turns upside down.

This is a series. It is encouraged to attend every session. Recommended for those aged 12-22. Registration is required.
